

OCEAN PRO 2.34 PROFESSIONAL SERIES

MADE IN BRITAIN

HUMBER

HIGH PERFORMANCE RIBS

SEASHEPHERD.ORG.AU

Humber best seller

With various lengths and beam sizes available this is a rib to suit all applications. From Police patrol to military use, the Ocean Pro series caters for all needs. After all they are a best seller for a reason, there's probably not a more reliable rib on the market.

Adaptability

There aren't many things that this rib cannot do! The Ocean Pro is one of the most adaptable boats on the market with previous clients including: Sea Shepherd who use the craft to disrupt Japanese whaling missions, fisheries patrol units, numerous worldwide police forces, rescue organisations and many more plus involvement in numerous rib challenges including the Gore-Tex Arctic Challenge.

Tried and Trusted

The Ocean Pro series has been tested by everyone from Dive magazine to Powerboat and Rib magazine and has always come with glowing reports. There's a reason that this is a Humber favourite.

A rib to suit you

The range of options available for the Ocean Pro series will allow you to build a rib that will surpass any requirements that you might have. With a number of size and beam options available, this allows a larger selection of seating and console arrangements, and with all the electronics, safety gear and any other features that you may need available, we guarantee you will have a craft fit for purpose.

Unique hull

The unique hull is based on the formerly known Humber Attaque which was our first hull design and is seen as one of the best if not the best hull in the rib world with its ultra-high performance levels. The Humber Attaque was the first rib to cross the Atlantic both ways in separate trips. Well, if it is not broken then why fix it!

Size range

The Ocean Pro range has our widest selection of sizes. With lengths ranging from 5-9m and beam options ranging from 2-2.8m, you're spoilt for choice!

A boat for all experience ranges

The quality of the boat will make up for any mistake made by the driver. Easy to navigate and control, it doesn't matter if you're a newbie or a seasoned veteran of the sea, you'll have just as much fun!

Test Drive and Advice?

Contact your local Humber dealer for more information and/or arrange a test drive. We want to make you feel at ease and want you to see that we can walk the walk! Start your Ocean Pro adventure here.

OCEAN PRO 2.34 PROFESSIONAL SERIES

Every single one of our Ocean Pro series is built with our high performance unique deep 'V' hull design. Giving the smoothest and driest of rides this allows you to glide through even the roughest of seas, and you'll still be guaranteed the comfiest of outings whilst also saving on fuel running costs!

A solid British built boat designed to be pushed to the limits, the Ocean Pro series promises to be the most reliable craft of its type on the market a. Guaranteed to wow any professional with its ultra-high performance and ideal for those looking for more space and a larger layout, these craft are capable of traveling faster, further and in more comfort than other comparable craft available on the market.
