MADE IN BRITAIN

HUMBER

HIGH PERFORMANCE RIBS

DESTROYER PROFESSIONAL SERIES

Storage

With a 2.28 beam and a length varying from 5-7m, the size range of the Destroyer series makes life easier for those with limited storage facilities.

Versatile

The Destroyer series are one of the most capable on the market. It will accomplish anything you put to it no matter what the task; this rib will exceed any expectation that you may have.

Budget

Most people don't have an unlimited budget. If you fall in to this category, this could be the rib for you. Priced competitively, you will be getting a high performance, commercial strength boat at value for money price. Not only that but you will save money on fuel consumption due to the hull performance. An all-round money saver.

Individual Needs

Have a certain set up in mind? The Destroyer series can accommodate the layout to suit you, whether that's a specific console to a certain seating arrangement to a particular colour. Maybe you need something extra such as an A frame or extra protection for the tubes or even a selection of a wide range of electronics. No matter how out of the ordinary your requests we will help accommodate your needs.

Tried and Tested Hull

Our Deep V hull design is unrivalled which in turn offers a ride like no other. Come for a test drive and compare it to others on the market. You'll be pleasantly surprised with what we have to offer. There's a reason that our boats are seen as high performance ribs and that partially comes down to the hull design.

A boat for all experience ranges

The quality of the boat will make up for any mistake made by the driver. Easy to navigate and control, it doesn't matter if you're a newbie or a seasoned veteran of the sea, the Destroyer will still overcome any obstacle.

Test Drive and Advice?

Contact your local Humber dealer for more information and/or arrange a test drive. We want to make you feel at ease and want you to see that we can walk the walk! Start your Humber rib adventure here.

DESTROYER PROFESSIONAL SERIES

Designed to exceed expectation, the Destroyer series promises you an effortless dry ride due to our performance deep 'V' hull design. With safety and comfort in mind, you'll be guaranteed the exhilarating performance that you crave.

No matter what the job at hand is, the Destroyer series will come through any task with flying colours. The most amazing characteristics of these superb looking craft are their ability to 'grip' the water enabling sharp responsive high speed turns. Any short attempt to become airborne end with a soft landing as the perfectly formed deep 'V' irons out the shock of re-entry.
